BLOX+ Trolley

Powered by SCOTTY, a Follow Me Technology

METABOTS

BLOX+ is a modular trolley offering endless customization to match your every need.

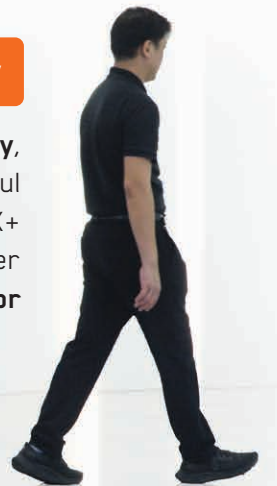

Powered by SCOTTY, a Follow Me Technology, for an intuitive and effortless user experience.

SCOTTY

A Follow Me Technology

Combines **Innovative technology**, advanced sensors, and powerful traction wheels to allow BLOX+ Trolley to follow you wherever you go, **eliminating the need for physical strength**.

Dual Control Modes

Average Distance: 1M

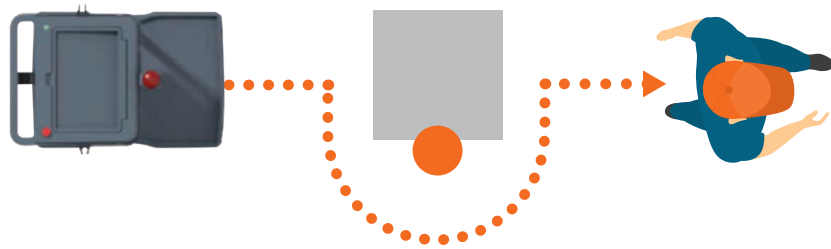

AUTOMATIC

Max. Distance: 11M

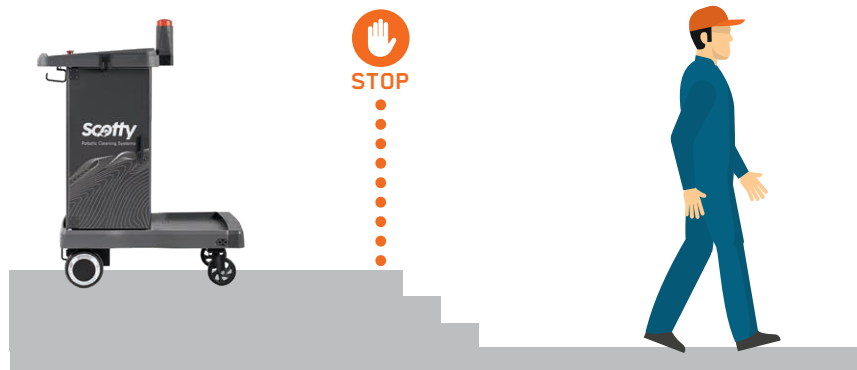

REMOTE

Smart Sensor Detection

Equipped with advanced sensors, BLOX+ Trolley will smoothly navigate and avoid obstacles, ensuring efficient and uninterrupted operations.

OBSTACLE AVOIDANCE

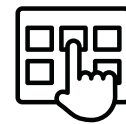

CLIFF DETECTION

Unique User Experience

Reducing Interactions

Enhancing Comfort

Upskilled Your Workers

No Interface

No Mapping

No Training Required

Minimal Maintenance

Modular & Versatile

Endless configurations tailored to your needs and requirements. Additional modifications are available on request.

FLATMOP

DUAL BUCKETS

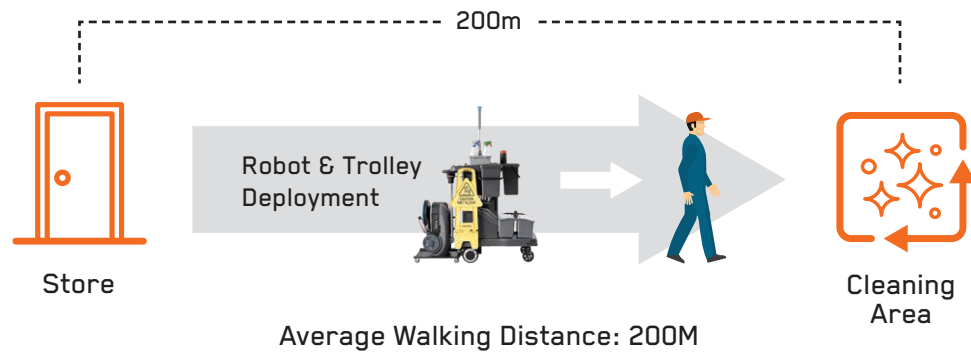

MACHINE ATTACHMENT

Boost your Productivity!

Bring along all your cleaning equipment in a single trip, reducing labor wastage and increasing cleaning efficiency.

SCOTTY DEPLOYMENT

INCREASE EFFICIENCY
